A Daily Defense, Jimmy Akin compiles 366 challenges that Catholics often hear from skeptics and non-Catholics—about God, Jesus, Scripture, morality, Mary, history, and a host of doctrines—and teaches you how to answer them.

A Teacher of Strange Things, by Cy Kellett, is a simple introduction to Jesus for those who don't yet know the facts about Jesus. And it is a helpful re-introduction for those who were taught the facts but never came to a mature understanding of his life and work.

Answering Atheism, Trent Horn responds to the need for a modern approach to refuting atheism with a useful resource for the God debate, combining a thorough refutation of atheist claims with a skillfully constructed case for theism based on reason and common sense. He advocates a charitable approach that respects atheists' sincerity and good will.

Behold Your Mother, Tim Staples takes you through teachings about the Blessed Virgin Mary, showing their firm scriptural and historical roots and dismantling the objections of those who mistakenly believe that Mary competes for the attention due Christ alone.

Can A Catholic Be a Socialist? Trent Horn and Catherine R. Pakaluk refute this tempting but false notion. Drawing on Scripture, history, Catholic social teaching, and basic economic reality, they show beyond a doubt that Catholicism and socialism are utterly incompatible.

Devil's Advocate: Facing My Inner Anti-Catholic, What if the voice of your deepest doubts and difficulties about Catholicism rose up in the form of a human being and challenged you to defend your most foundational beliefs? That's the task Trent Horn faces: a dialogue with his own best objections against the faith he professes and defends.

Light from Darkness, Steve Weidenkopf shows how the Church's past ages were no less tumultuous than our own. Yet, whether it was decadent hierarchs selling out the Faith for pleasure and power, or hostile princes, heresies, or ideologies menacing Christendom, the Church not only persisted during hard times but came through them stronger than before.

Meeting The Protestant Challenge Karlo Broussard gives you the knowledge and tools you need to answer fifty of the most common Bible-based objections to Catholicism.

Meeting The Protestant Response: How to Answer Common Comebacks to Catholic Arguments Karlo Broussard looks at the fresh counterarguments that Evangelical pastors and scholars have developed and taught their followers to make.

Pillar of Fire, Pillar of Truth: The Catholic Church and God's Plan for You is a powerful, yet concise booklet that clearly defines the core beliefs of the Catholic faith! Each topic is easy to read and easy to understand. And everything is cross-referenced to the *Catechism of the Catholic Church* and supported by Sacred Scripture.

Pope Peter, Joe Heschmeyer says that papal flaws are an opportunity to understand what the papacy really means, not to abandon it (or the Church). Drawing deeply on scriptural and historical witness, he offers a thorough but accessible defense of the papal office and an edifying picture of the extent—and limits—of its authority.

Purgatory Is for Real, Karlo Broussard definitively tackles this most-misunderstood teaching, giving you the evidence and arguments to see (and explain to others) that purgatory is neither contrary to Scripture nor some fantastical dogma that Rome invented. Rather, it is firmly rooted in biblical truth and the faith and practice of the earliest Christians.

Real Religion: How to Avoid False Faith and Worship God in Spirit and Truth by Fr. Jeffrey Kirby, cuts through misguided modern notions—idols, really—about God and religion and takes you back to the foundation for true worship: God’s revelation about Himself.

Revolt Against Reality, Gary Michuta explains how an army of liars, manipulators, and bad actors has conspired literally from the beginning to thwart God’s plan for man—a plan of order and peace, centered on the Incarnation of Jesus Christ. He takes you through history, unmasking the enemies of faith and reason in every age—all the way back to Satan himself, who in the Garden of Eden promised that we could become our own gods.

Secrets from Heaven, Fr. Sebastian Walshe helps you break free from stale and familiar takes on the gospel, giving you new eyes to see and new ears to hear the inexhaustible depths of Christ’s wisdom. The Parable of the Sowers, the Good Samaritan, the Prodigal Son, the woman caught in adultery—all these and more come alive in fresh ways, revealing significant details and nuances, scriptural/historical connections, and testaments to Christ’s rhetorical and pedagogical genius that you’ve never noted before.

The Bible Is a Catholic Book, Jimmy Akin shows how the Bible cannot exist apart from the Church. In its origins and its formulation, in the truths it contains, in its careful preservation over the centuries and in the prayerful study and elucidation of its mysteries, Scripture is inseparable from Catholicism. This is fitting, since both come from God for our salvation.

The Early Church Was the Catholic Church, Joe Heschmeyer focuses on the first two centuries (before any Roman “apostasy” is said to have taken place) and bedrock principles of Christian belief, authority, and worship. He digs deep into the words and actions of those who lived right after the apostles to refute anti-Catholic claims of how the Faith was practiced “back then.”

The Real Story of Catholic History, Professor Steve Weidenkopf collects over fifty of the most common and dangerous lies about Catholic history and, drawing on his experience as a historian and apologist, shows how to answer them simply and powerfully. Whether it’s claims about Catholicism’s supposedly pagan origins, old myths about Galileo or the Inquisition that never seem to go away, or more modern misconceptions that anti-Catholics cynically exploit, *The Real Story of Catholic History* provides the desperately needed corrective.

These Twelve, Rod Bennett shows that the apostles weren’t random, interchangeable parts—mere pawns that Jesus moved around to accomplish his mission. No, these men were the mission. In this riveting re-examination of familiar Gospel events from the, you will learn the true meaning of apostolicity—and why it’s an essential mark of the one Church that Jesus founded to go out to the world and make all people his Chosen People.

The Words of Eternal Life, Jimmy Akin takes an unflinching look at the problem of finding true happiness in this messed-up world and offers a solution that is daring and radical yet familiar, and available anywhere, for free, right now. The answer is Jesus, the Word of the Father who teaches us the words of eternal life; the Word made flesh who by the words of a priest comes to dwell among us and feed us with the grace of peace and strength.

To Know St. Joseph, Msgr. Dominique Le Tourneau draws on a lifetime of prayer and scholarship, along with two millennia of Catholic tradition, to unpack the mystery of this magnificent and silent saint. In this thorough yet readable book you'll explore the Church's accumulated wisdom about St. Joseph.

Twisted Unto Destruction: How "Bible Alone" Theology Made the World a Worse Place, Once an Evangelical Protestant who took sola scriptura for granted Donald J. Johnson shows how ditching the Church in favor of private Bible interpretation has also enabled some of the modern world's worst crimes and vices.

What is God? Kevin Vost shows you how you can better know the worthiest object of our love, following the thought of the great theologian who first asked that question as a young boy: St. Thomas Aquinas. That thirteenth-century Dominican friar later devoted much of his masterwork, the Summa Theologica, to exploring God in his deepest essence. But if you don't have time to read a 1.8-million-word philosophical treatise translated from medieval Latin, Dr. Vost is here to break down the key parts for you. In clear and approachable fashion, What Is God examines God's attributes and considers questions about him that have vexed mankind for centuries.

Why We're Catholic: Our Reasons for Faith, Hope, and Love, by Trent Horn, assembles the clearest, friendliest, most helpful answers that Trent learned to give on this topic. Beginning with how we can know reality and ending with our hope of eternal life, it's the perfect way to help skeptics and seekers (or Catholics who want to firm up their faith) understand the evidence that bolsters our belief—and brings us joy.

With One Accord: Affirming Catholic Teaching Using Protestant Principles Douglas Beaumont uses principles that orthodox, Bible-believing Protestants broadly affirm, he arrives at particulars of Catholic belief—showing that in many cases the division isn't as wide or deep as we thought.
