

If no one else thanks you and your group of men for the great work you did this weekend I would like to take this time to thank you myself. I did not have the opportunity to thank you all personally yesterday however, rest assured that I am thankful for everything that you all did this past weekend. I look forward now to attending an ACTS retreat myself in the near future. I want to be honest and let you know that I was pessimistic about the retreat myself and didn't see any reason for attending the ACTS retreat but being there this past weekend really opened my mind and soul and has renewed my faith in Christ. I still have a ways to go I assure you but with the help of men like you and our Lord and Savior I know I will arrive where I am supposed to be. Please forward this email to all the volunteers that attended this weekend and thank them from me. I hold you all in my heart and prayers and I pray that you all continue your mission in the prison volunteering your time as you all did this past weekend. It was a pleasure working with all of you this past weekend. May God and our Heavenly Mother Bless all of you greatly may they watch over each of you and help all of you with whatever it is that may ail you now and forever. Just a little side note after all of you left about 10 of the retreatants stayed behind to help clean and put everything back in its place just before we closed the education department up and I let those 10 offenders go home for the day I walked into the room to find them in a circle holding hands thanking God and praying for each of you that were this weekend. It was beautiful to see this it did bring a tear to my eye and a smile to my face I wish you all had been there to witness it.
